Announcing the New

AMPHION PHONOGRAPH

THE latest arrival in the Eaton Phonograph Section—this is a beautiful and uncommonly artistic machine.

A new style cabinet is designed of the choicest walnut or mahogany.

The instrument is equipped with the new goose-neck tone arm and an exceptionally good reproducer — a combination that gives a wonderfully clear and natural reproduction.

We'll be pleased to give you a hearing of this new phonograph at the Music Parlors on the Fourth Floor.

The price is
